

In the Dylantic church Established in the ancient faith of the early church

Reaffirm the Triune God as stated in the Nicene Creed the Father the Son who is Jesus Christ and the Holy Spirit also known as the Holy Ghost

We declare Total opposition to Islam

We believe that Islam is founded by a false prophet Prophet Muhammad as found in the Quran And that the angel Jibril in Islam Was not the real Gabriel but either a delusion by Muhammad or a demon posing as Gabriel
Islam denies the sonship of Christ we know this to be false there is historic evidence of Jesus's crucifixion
Islam also Elevates a god known as "Allah" While the word Allah itself means god in Arabic the god found in the Quran has totally different attributes compared to the one found in both the Hebrew scriptures and the Greek scriptures of the Bible

Islam historically has led to intense violence

Islam has also historically Has been known to uphold practices like polygamy and female genital mutilation known more commonly as female circumcision Or FGM And waging holy war Jihad / to brutally conquer a land and force it to become Muslim Things also found historically are women being kidnapped as sex slaves and raped Islam must be Spiritually overthrown
all Muslims should be evangelized and called to repentance hate the practices of Islam do not hate the Muslim they are brainwashed

about rabbinic Judaism and opposition towards rabbinic Judaism

Judaism was historically the faith of Abraham Until It evolved into Christianity then the temple was destroyed as Jesus said and all of the Pharisees started to rebuild Judaism Rabbinic Judaism is no longer the faith of Abraham

true Judaism known as Old Testament Judaism lived on through Christianity

A new version of Judaism took form which was not even supposed to exist because Judaism continued through Christianity the rabbinic form of Judaism known as rabbinic Judaism is a version of Judaism that focuses not on sacrifices and devotion found in the Old Testament but dead ritual law keeping as Rebellion from the Pharisees

rabbinic Judaism is rooted in the Rebellion of the Pharisees and a rejection of Jesus

this creates a counterfeit God Rabbinic Judaism is not the faith of our forefathers or the prophets or anyone in the Hebrew scriptures it is Apostasy total Abandonment of the faith of Abraham replaced by dead cold legalism rabbinic Judaism has turned into ethnic idolatry Not the faith of Abraham The Jews are to be evangelized and called back to the faith of Abraham

Our church is not a political party

we must have political discernment Any political alignment that does not line up With the Bible choose the one that aligns the most with Christian values

All to reject

modern liberalism because it promotes abortion sexual immorality globalism religious relativism and moral decay
left-wing progressivism deconstructs christian order and Embraces Apostasy
Also it persecutes biblical values we reject Neo-right extremism because it promotes idolatry nationalism And it distorts Christ's message as well as dehumanizes Outsiders and elevates modern Israel Over Christ creating a dual covenant heresy

Things to Endorse

paleo-conservative Christianity which enforces just laws to protect criminal injury while also welcoming peaceful legal immigrants
laws that uphold traditional family marriage and sexuality as ordained by God things that support Christ
limited government to Restrain tyranny Resisting technocratic control globalism, mob rule and state overreach

Things to Oppose without apology

Rabbinic Judaism outright. It is a cold, dead religion built on a legal system that Christ has already fulfilled. God is not bound to one nation or race — the Gospel is for all, not just for the bloodline of Israel.

Islam Because of the historical inconsistencies within the Quran itself the Quran rejecting Christ as God and that Jesus was even crucified in the first place as well as the Prophet Muhammad's Abominable actions such as having sexual relations with a 9 year old child

Things to affirm boldly

The Gospel of Jesus Christ Our Lord Traditional biblical order and moral law We believe in the Fulfillment of God's covenant through Jesus Christ We also affirm Moral traditional Christianity and moral traditional Christian conservatism And National as well as Church autonomy through Jesus Christ We stand outside the modern partisan order, yet not apolitical. We stand against the lie, whether it wears the mask of leftist rebellion, Islamic violence, rabbinic distortion, or right-wing idolatry

We are loyal to Christ the King

We are bound to Scripture and Tradition, not modern ideology. We seek the salvation of souls, the preservation of truth, and the destruction of error. To Christ be glory in the Church throughout all generations, world without end. Amen.
